## Hair HELP eek

Posted by warnie - 2009/12/01 12:11

---

I'm just wondering if there are any tips or hints out there at all for cheap hair care product solutions for keeping dandruff at bay? Dandruff shampoos/conditioners are too expensive - does anyone know of any natural ingredients or products or recipes?

---

Apple Cide Vinegar naturally controls dandruff and also cleans hair leaving it very shiny.
