Did you know that between 1997 and 2007 bank fees and charges were up by 160%?! (Source: Cannex)

Here are some ways to beat the fees and save money...

- \* Use cash
  - \* Limit EFTPOS use
  - \* Don't go into overdraft
  - \* Avoid over the counter transactions
  - \* Be loyal to your bank - using other ATM's can be expensive
  - \* Check what you get charged for. Sometimes checking the balance is charged as a transaction!
